

Title: Word inputting device			
Application Number:	94119309	Application Date:	1994. 12. 13
Publication Number:	1124850	Publication Date:	1996. 06. 19
Approval Pub. Date:		Granted Pub. Date:	
International Classification:	G06F 3/02		
Applicant(s) Name:	Mitsuhiro Aida		
Address:			
Inventor(s) Name:	Mitsuhiro Aida		
Attorney & Agent:	JIANG HUA		
<b>Abstract</b>			
<p>The text recording device with high efficiency independent of operator's power features that one character (or stroke, or radical, or other elements) is used as input unit to form input character strings, which is used for searching in dictionary. If there is a word in dictionary, which is matched to the data input counter and can uniquely judge the count, the word replaces input character string and displayed.</p>
